

Model: R12062

1,800 WATT POWER UNIT

We have made several improvements to this product (Model R12062) since we purchased the Esico Triton product line in 2022. These changes include higher top end output (over 30% higher wattage on average), more circuitry protection and stronger cabinet. Oh...and its now Black vs Blue.

For Higher output Power Units, there are THREE terminal bolts or receptacles. When attaching handpieces or accessories only two of these terminal connectors will be used.

ACCESSORIES

The following products can be used as Accessories for Model R12062 featured on this page:

| Model | Product Name |
|----------|---|
| 10536 | .5" Probe Style Handpiece |
| 10537 | Lead for Return Current w. Heavy-Duty C Clamp |
| 10587 | Heavy-Duty Plier Style Handpiece |
| 10588 | .5" Dual Probe Style Handpiece |
| 105HCPTM | High Capacity Precision Timer Module |
| 105L441 | 3/16" Double Carbon Electrode Handpiece |
| CS-FX3 | Flux_4 oz Jar with Cap Brush |
| CS-PBF2 | Solder Spool |
| R12066 | Return Lead, Heavy Duty |
| R12067 | Large Plier Style Handpiece |

FEATURES AND BENEFITS

1,800 Watts (7.2 VAC) of Power with 3 unique settings provides intense power required to overcome difficult heat sinks. *** No longer available with Thumb-Switch Activation**

Heavy-Duty Steel console-type case Combines rugged construction with economy and convenience to help protect your investment for a lifetime of un-interrupted service.
